According to verse is as follows:his statement, the hydrographic explorations of the United States extend in nine sections, from Maine to Texas. Survey lines—bases of measurement—have been drawn from nine points between these two widely distant localities, which embrace our entire coast, and very throrough surveys of the bays, indentations and other peculiarities of the coast have been made, almost continuously along the whole line. The work owes its conception to Mr. Hassier, who, in 1832, together with Dr. Patterson, (late of the U. S. Mint in this city,) brought this important subject so clearly before the comprehensive mind of Mr. Jefferson, that he got Congress to adopt the plans of Mr. Hassier, and make the necessary appropriations. The work has been steadily carried on, and an enormous amount has been accomplished. About \$4,000,000 in all has been appropriated, which has not only enabled the savans and officers having the matter in charge to carry out their designs, but to publish the results of their surveys and explorations, with suitable maps and charts. The survey of the entire coast can be completed in twelve years, if the present rapid rate is continued.

The United States Coast Survey and Hydrographic operations are carried on much cheaper and quicker, and with a less number of men than other works of a

Billiards.—Extraordinary Run.—Yesterday Mr. John W. He then "nursed" them so skilfully that he marked two thousand one hundred and fifty-seven points by seven hundred and nineteen consecutive caroms! without making a cushion! FOR THE WEEK ENDING FEB. 25TH, 1858.

quite light, and for the past two or three days confined principally to small parcels. There has existed a fair demand \$21 to \$34; but the bulk of the transactions were made with cipally to small parcels. There has existed a fair demand from both shippers and distillers, and under the favorable advices from abroad the market has ruled steady at quotal and Choice \$3\frac{1}{2} a \$3\frac{1}{2}\$ (Good to Common Prime \$3\frac{1}{2}\$ a \$3\frac{1}{2}\$; and Prime and Choice \$3\frac{1}{2}\$ a \$-. tions of last Thursday. The receipts and sales comprise on-

ly 4,289 bbls., as follows: 625.....\$2 70.....\$2 70.....\$1 70 Thursday ... Friday..... 2 70..... 2 70..... 2 70..... Saturday . 500..... 2 70..... 2 70..... 480..... 2 70..... 2 70.....

ROSIN-We have but little change to notice in the market for either grade, the material difference in the views of buyers and sellers having tended to keep the former out of market, consequently we have only a few small sales to report. The finer qualities of No. 1 are in moderate demand, and very little if any on market. We quote at \$1 50 to \$2 50 for inferior to fair quality, and \$3 25 to \$3 75 for pale. In No. 2 we note only one or two small sales at \$1 50 to \$1 75 P bbl. For Common there is some demand at \$1 10, but sellers generally hold higher ;- receipts for the week small, and

stock in first hands considerably reduced. Sales as follows: Friday......1,300 bbls. at \$1 10 per bbl. Monday..... 480 " 1 10 for small bbls. Tuesday 300 " " 1 10 per bbl. TAR-Has arrived very slowly the past week, and is in

moderate demand. Only about 500 bbls, received and taken firmness at last week's quotation (45 cents) up to Monday,

10 BBLS. N. E. RUM, just received per Schr N. M. Tan-nor. For sale by W. H. McKOY. that one lot went at 44 cents, but cannot ascertain the quan-tity. This morning the advices are unfavorable, and buyers unwilling to operate at over 40 cents, while sellers are holding higher. We quote sales as follows:

BEEF CATTLE-Owing to the meagre arrivals for a few weeks past the stock of beeves in butchers' hands has bequality was received two or three days since, and brought

BARRELS-In the market for empty Spirits Turpentine barrels we have no change of consequence to report. The Rye, \$1 00 @0 00; Lard-14 @ 00 cents; Molasses-Cuba Having an establishment fitted up in the best manner and arrivals continue moderate, and there is a full stock on mar-

Coffee-The market is very well supplied with nearly all ty and quality.

CORN MEAL-Is is in good stock, and rules quite dull .-

at \$4 50 to \$5 \$9 bbl., as in quality. FEATHERS-Are in moderate stock, and sell slowly at 45 a

50 cents # B., as in quantity. FLOUR-We have nothing new to report in the market for State brands during the week ended to-day. The receipts have been exceedingly light, and the stock in dealers hands | canal flour 20s 6d; Ohio 25 a 27s; Southern 22s 6d a 23s,has become materially reduced; the demand, however, is principally for small parcels for retailers' uses, and the sales low 33s; white 35s. Provisions dull. Sugar quiet and steady. Rice quiet. Rosin steady at 4 a 4s 3d. Spirits Turpentin firm at 36s. Money in better demand. Consols 95% a 95%. confined to a few lots from store at \$5 62\ a \$5 75 for superfine, and \$5 75 a \$5 874 for family. The article may be looked upon as dull of sale, and from the present state of the market a lot of any moment would not find purchasers unless at considerably lower figures. See table. No Northern brands on market.

GRAIN-The market for CORN remains about the same as reported for several weeks past. The stock in dealer's hands is very heavy, and we note only a limited demand from consumers. Only one cargo of 1400 bushels received since with salt. our last from Hyde county, (on Tuesday,) and brought 53 cents per bushel; this figure, however, can hardly be considered a fair quotation of the market, as a larger quantity would not bring over 51 cents, which figure appears to be the views of dealers. OATS-In the absence of receipts we have had nothing to report in the way of transactions for several weeks. There is merely a retail demand, and the stock in dealers hands is fully fair. We quote nominally at 40 a 42 cents 3 bushel, as in quantity and quality .-PEAS-Continue to be brought in sparingly, and the market rules firm at high figures. Cow are in light supply, and sell in lots at \$1 10 a \$1 20 % bushel, as in quality. The market is almost if not entirely bare of other descriptions .-RICE-The receipts of clean continue moderate, and there is from Havana. a full supply in store, while we note only a light demand from the trade. We quote from store at 3 to 31 cents & h.

according to quality. HAY-Arrivals continue light, and transactions small. The demand is limited, and stock in store fully sufficient for present purposes. A lot of 286 bales Northern was received on Monday, and sold at 70 cents \$\mathref{H}\$ 100 lbs. No late arrivals of Harriss.

LIME.—The stock on market is fully fair, and we note only retail demand. Selling in the small way at \$1 25 % cask. Worth; with mdze. Molasses. The market is better supplied, and prices have receded a shade. We note the receipt from Cuba since our last of 532 hhds. and 43 bbls., which is selling from Lamont. wharf at 28 cents in bbls., and 23 a 25 cents # gallon in hhds., as in quantity. See table for store prices of New

PEA NUTS-We have nothing new to report. There is a moderate enquiry from dealers, with light receipts for the week, and sales from carts and wagons at prices ranging from 85 cents to \$1 7 bushel.

POTATOES-Sweet have been brought in slowly for some weeks past, and with a fair enquiry prices have advanced .-We quote from boats and carts at 80 a 30 cents W bushel, in lots to suit. Irish are in heavy stock, and with a meagre demand the market rules unusually dull. We quote from store at \$2 75 a \$3 7 bbl., as in quantity.

Provisions-N. C. cured Bacon continues to be brought sparingly and the quantity in dealers hands is unusually small. We notice a better demand at present existing but for the want of stock no transactions worthy of report have taken place. One or two small lots have changed hands during the week at 124 cents for hog round, and 13 a 14 cts. for hams, as in quality. We also note a better enquiry for Western, and in the absence of receipts the supply in first hands has become materially reduced. We quote small sales from store at 10 cents for shoulders, and 11 a 111 cents # 15. for sides, as in quality. LARD-Both N. C. and Western make is in light supply, and the market rules firm with a mer at 12 a 121 cents, and the latter at 11 a 111 cents # 16., mand for Northern throughout the past week, and prices have gone up a shade; receipts light, and stock consideraof one-fifth or more is made on the price of yellow dip, acbly reduced. See table for store rates. Fresh is brought in quite slowly from the country, and meets with quick sale

> from carts at 8 a 9 cents # 1b. Salt-We have no change of importance to make in either description. The stock of Liverpool ground is fully fair, in the retail way. See table for store rates. A cargo of 4,-700 bushels Alum was received a few days since, but not yet sold; stock heavy, and market decidedly dull.

SHINELES-None worthy of report brought in. No demand, and quotations merely nominal. See table. TIMBER-The receipts during the week just ended have been quite small, and for the past two or three days scarce- explicit directions for making it up, and successfully using ly any has arrived; millers, however, have a supply on hand fully sufficient for their uses, and we note but little demand. The sales comprise only about 15 rafts at \$5 a \$7 50 | ment. WM., as extremes. See table.

FREIGHTS-To coastwise ports rule about the same as regards prices; there is, however, only a light quantity of barrels freight offering shipment. See table for rates.

CHARLESTON, Feb. 23 .- Cotton-There was a very good demand for this article to-day which resulted in the sale of upwards of 205 bales, at the subjoined prices, viz:

Middling Fair at 111 a 111 cents. CHARLESTON, Feb. 19 .- Corron-The sales this mornng amounted to 1000 bales, at the following particulars :-TURPENTINE—Since our last review the arrivals have been | 82 bales at 101, 55 at 101, 204 at 11, 299 at 111, and 348 at 12c. RICE-The sales for the week show extremes ranging from

ROUGH RICE-The receipts for the week embrace upwards of 50,000 bushels, about 15,000 bushels of which were taken for milling at prices ranging from 77 to 85c # bushel. Corn—We acknowledge the receipt this week of some 17, 000 bushels from North Carolina, which have been sold with 1 70 in the range of our quotations, viz: 60 to 67c, the latter fig-1 70 ure, however, is an extreme rate, and would require some

A RETIRED PHYSICIAN 75 YEARS OF AGE. WHOSE SANDS OF LIFE HAVE NEARLY RUN OUT, discovered while in the East Indies, a certain cure for Consumption, Asthma, Bronchitis, Coughs, Colds, and General Debility. The remedy was discovered by him when his only child, a daughter was given up to die. He had heard much of the wonderful restorative and healing qualities and in the absence of receipts nothing has been done except of a preparation made from the East India Hemp, and the thought occurred to him that he might make a remedy for his child. He studied hard and succeeded in realizing his wishes. His child was cured, and is now alive and well. He has since administered the wondeful remedy to thousands of sunerers in an parts of the world, and he has never falled in making them completely healthy and happy. Wishing to do as much good as possible, he will send to such of his af-flicted fellow-beings as request it, this recipe, with full and it. He requires each applicant to inclose him one shillingthree cents to be returned as postage on the recipe, and the remainder to be applied to the payment of this advertise-
